E-program includes repair and maintenance manuals and instructions of tractors series 3910 of New Holland Ford. Electronic service manual contains operating instructions, detailed instructions for maintenance, diagnosis, repair and adjustment of system elements and so on. The Injector Pump on my 3910 has been seeping fuel since I bought the tractor two years ago. It got worse last Summer, to the point I would shut off the fuel when parked. Thanks for the comments! The tractor i am working on is a 4610su .It has arms on both sides with cylinders on each one. The steering sector has a outer splined outer shaft coming out of the top, with a smaller inner shaft in it .It's held together by a 1/4 inch pin in a hole near the top. The fluid is leaking from between the inner and outer shaft. *Use the filters above or check the list of all Ford/New Holland tractor models..
