Cooking is a fun way to showcase your creativity and love of food, but it also is the leading cause of home fires and home fire injuries. Unattended cooking is the primary culprit, and two-thirds of cooking fires start with the ignition of food or other cooking materials. Games are a proven method for easily--and effectively--teaching busy professionals new skills and concepts that can help them perform better. This paper explains the way games can help project manage...If you are a teacher searching for educational material, please visit PBS LearningMedia for a wide range of free digital resources spanning preschool through 12th grade.
